2013 CONFERENCE OVERVIEW

The propane industry continues its commitment to the safety and well-being of our nation's industry fire service, hazmat responders, and the public. With the establishment of the Propane Emergencies Program in 1998, the propane industry has provided funds in excess of \$5 million to train over 250,000 firefighters and propane professionals. This Industry Responders' Conference is being held as a means to continue the exchange of vital propane safety information, techniques, and experiences among important propane safety stakeholders.

WHO SHOULD ATTEND

This year's IRC conference is comprised of a one day indoor instruction and a day of outdoor instruction. The sessions are geared for anyone involved with a propane-related emergency and incident response activities, including, but not limited to:

- Propane professionals who have a need to coordinate with their local fire service
- Senior fire service and hazmat team trainers
- Law enforcement hazmat personnel
- First responders and volunteer firefighters.
