

Propane Construction Incentive Program

Install Propane Appliances in Newly Constructed Homes and Receive up to \$1,000.00 in Rebates

The Oklahoma Propane Education and Safety Council will pay you up to \$1,000.00 for each new home (up to 5) completed between January 1 and December 31, 2026, if you include propane appliances.

Funds are limited so apply as soon as possible!

Who is Eligible? Oklahoma Home Builders

What are the Rules?

- The home(s) for which you are applying must be completed between January 1 - December 31, 2026;
- Each builder is limited to five (5) rebate applications;
- Builders must install a Hot Water Heater AND Furnace to be eligible for ANY amount of rebate;
- Only residential construction is eligible;
- A completed Form 4/Safety Check performed by a propane supplier must accompany the application;
- Any omissions and/or errors will negate the rebate process;
- Serial/Model numbers for each appliance must be listed on the application;
- Applications will be considered on a first come/first served basis as long as funds are available.

How to Apply?

- Visit www.oklpgas.org for an application.
- Once completed, submit your application to the Oklahoma Propane Education and Research Council.
- You will receive notification of acceptance or rejection

Propane is a home energy upgrade that gives your customers superior comfort and lower energy costs compared to all-electric homes. That's why, for homebuilders, adding propane performance is a significant competitive advantage.

Plus, you can earn up to \$1,000.00 per home (limit 5) when you add propane appliances.
